*Environmental Health Perspectives* is published monthly by the Public Health Service, U.S. Department of Health and Human Services, and is a forum for the examination, discussion, and dissemination of news, scientific research, and ideas relating to issues and advances in environmental health. *Environmental Health Perspectives* consists of a monthly journal and six supplements. The supplements include monographs on current environmental topics and an annual review of environmental health. The Secretary of Health and Human Services has deemed *Environmental Health Perspectives* to be necessary in the transaction of the public business required by law of this department.

**Subscriptions:** *Environmental Health Perspectives* and *Environmental Health Perspectives Supplements* are available through the Environmental Health Information Service (see insert card) or from the Government Printing Office (see 763). To change an address or inquire about general subscription problems for *Environmental Health Perspectives* and *Environmental Health Perspectives Supplements*, send your mailing label(s) for each periodical with corrected information or a description of the problem to OCR Services, Inc., Attn: Order Processing, PO Box 12510, Research Triangle Park, NC 27709-2510 USA; or fax your mailing label with corrections or descriptions of problems to (919) 541-0763 or call 1-800-315-3010.

**Disclaimer:** Publication of articles in this journal does not mean that the National Institute of Environmental Health Sciences (NIEHS) condones, endorses, approves, or recommends the use of materials, methodology, or policies stated therein. Conclusions and opinions are those of the individual authors only and do not reflect the policies or views of the NIEHS.

**Discrimination Prohibited:** Under the provisions of applicable public laws enacted by Congress since 1964, no person in the United States shall, on the grounds of race, color, national origin, handicap, or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity (or, on the basis of sex, with respect to any educational program or activity) receiving Federal financial assistance. In addition, Executive Order 11141 prohibits discrimination on the basis of age by contractors and subcontractors in the performance of Federal contracts, and Executive Order 11246 states that no federally funded contractor may discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. Therefore, the National Institute of Environmental Health Sciences must be operated in compliance with these laws and Executive Orders.
